

# Earn \$10 daily without any investment by building anonymous web proxies and monetizing them with AdSense.

\*\*\*

All we need to start our web proxy buiseness is a free domain name, proxy hosting and an AdSense account for monetization.

If you don't have an AdSense account yet, you can file an application here:  
[AdSense Application](#)

## 1) Domain

[CZ.CC](#) ree domain registration (up to 5 domains per account) with full DNS support and without any ads.

Create an account at [CZ.CC](#) and register a free domain name (yourname.cz.cc).

Upon completion go to "My Domains", select the domain you want to use for your web proxy and set the nameservers as follows:

Nameserver 1: ns1.freeproxyhosting.net

Nameserver 2: ns2.freeproxyhosting.net

## 2) Proxy Hosting

Sign up for a free account at [Free Proxy Hosting](#).

Log in to your account and choose "Add Site" from the menu at the left site.

Insert all needed details (domain name, site title, proxy theme, ad code etc.) and add the site to your account.

**Create 5 – 10 web proxies and start promotion by adding them to the several proxy topsite lists.**

**And in the end, lean back and watch your earnings growing steadily on auto pilot.**
