Print one copy for your use in class.

GAME DIRECTIONS

- Make a 2' or larger square with masking tape on the floor. Divide the inside of the square into sections. An X will make four sections. Assign each section a number value.
- Divide the class into two or more teams depending on size. Give each team a beanbag.
- Students will toss a beanbag from a challenging position.
- They will then be asked a question. If they answer correctly, they will be awarded the number of points according to where the beanbag landed.
- If the team misses the question another team may try. If no one gets the answer, give the answer and repeat the question later in the game.
- Repeat questions, or add others according to your class and your lesson.
